SHOPS
Smart HOme Payment Services

Following the telecom industry evolution, the Utility market is entering a large European movement towards deregulation.

Competition will lead to the development of services related to home utilities distribution (Electricity, Gas, Water) that will be sustained by open smart payment solutions.

User utilities: gas, water and electricity
SHOPS

- 11 European companies
- Global effort: 84 m* y
- Start on July 2004
- A 2-year project
